April 27 Parents & Pastries

This is the last week of our CAASPP Testing. This is a very important time for Citrus students. In

order to maintain the best testing environment, no one will be permitted to go into the classrooms once the tests have started for the day. Students arriving after the tests have started will wait in another classroom until their class has finished testing for the day. The outside doors will be locked during testing time and all visitors will need to come through the front doors and stop in the office. Some great things to do to help your child do their best:

Go to bed early the night before a test

Eat a healthy breakfast

Arrive to school on time

We know our students are going to do well as they have been working very hard this year. Thank you for your support in making this a great testing experience for all our students.

Kids spend about 30 hours a week at school and the rest of the time-138 hours each week-with parents. Every moment

you are together, your kids are learning from you. Here is one way to be a great teacher: read together every night for a few minutes before bed. When your child does not recognize a word, do not make them guess, just tell them what it is. This should be a fun and relaxing time together, a warm comforting way to close out the day before bedtime, especially after the over-stimulation of TV. Happy reading!

Now that the weather is warming up, we would like to remind you of the dress code. Spaghetti strap styled tops may not be worn. Shoulder straps must have a 2-inch width. Garments where the torso is exposed, torn or ripped pants/shirts are not allowed. Length of shorts is a 3-inch inseam. No loose sandals or shoes – all shoes must have back straps

Remember: Citrus is a Latex Free School. Please do not bring toys or soft rubber items made of Latex from home.
